

## Australia at a Glance

### About AIG

AIG is one of the world's leading insurance organisations, with more than 90 million customers around the globe. We're leaders globally in property casualty insurance, life insurance, retirement products, mortgage insurance, and other financial services including a comprehensive suite of solutions for businesses operating in Australia and around the world. We also have an extensive range of private client products, including personal liability insurance, yacht insurance, home insurance, and private collection insurance.

AIG traces its roots to 1919, when American, Cornelius Vander Starr, established a general insurance agency, American Asiatic Underwriters, in Shanghai, China. Since then, an enterprising spirit, ingenuity and determination have helped to grow the company into one of the world's largest insurers, with offices in over 100 countries. The first Australian office opened in Collins Street, Melbourne in 1957, with a second office established in Sydney just two years later.

Operating within AIG's global network, our Australian team combines local expertise with international experience. Our worldwide perspective helps us to anticipate emerging risks, while our local presence provides access to professionals who understand the needs of the Australian market. AIG in Australia has offices, technical expertise and underwriting authority in Melbourne, Sydney, Perth and Brisbane.

In 2014, AIG Australia received the Australian Business Award for Best Technology Product, Australia, for their innovative Travel Guard app. The app is the first of its kind for AIG in Asia Pacific, and is designed to support travelers in the event of an incident, accident, or medical emergency whether or not they are connected to the Internet.

AIG is committed to diversity, inclusion and growth, and has partnered with world-renowned organisations and teams including New Zealand Rugby and the legendary All Blacks. AIG is involved in various Corporate Social Responsibility initiatives to support charities, including KidsXpress, whose purpose is to enhance the emotional well-being of children, their families and their communities by managing and minimising the impact of emotional trauma.
