

Our Claims Promise – Energy

What is the AIG Energy Claims Promise?

The AIG Energy Claims Promise affirms that our dedicated team of experienced claims professionals will mobilise in rapid response to a covered event and, if coverage is confirmed, will advance our policyholders up to 50% of our share of the agreed estimate within 7 days, giving them the immediate working funds they need for property damages and repairs.

The estimate is to be agreed between the policyholder, broker and the AIG representative, based upon reasonably available information. This payment is made on an unallocated basis.

How is the loss estimate determined?

The AIG representative is to ensure that the coverage applies and that the initial loss estimate is reasonable. The advance of funds under the AIG Energy Claims Promise is not made against loss of income and is for physical damage only. It is AIG's intent to provide working capital to our insured to help commence repairs.
